

GREAT TEUTONIC ALLIANCES CRUMBLING IN RUINS AUSTRIA'S BROKEN ARMIES FLEE IN WILD DISORDER

SUCCESSFUL REVOLUTION CONDUCTED IN BUDAPEST

Emperor Charles Issues Orders "Before Leaving Vienna"
That There Should Be No Conflict With The Population

(By The War Editor of The Associated Press)

Austria-Hungary's internal situation is as bad, if not worse, than the armies on the Italian front. Count Michael Karolyi announces the institution of a Republic in Budapest after a successful revolution and Archduke Joseph has left the city.

There have been no further reports on the progress of the plea of the Austrian army commander for an armistice. Details of the armistice terms given Turkey are still undisclosed in large part.

Reports on conditions in Germany are meagre, due probably to the German censorship. Emperor William is said to have gone to German grand headquarters. Reports of the emperor's abdication still persist.

On the western front from the Dutch border to Switzerland the allies maintain their pressure but except for the new British thrust near Valenciennes fighting activity is confined to artillery duels of varying intensity.

The German line south of Valenciennes is the important sector between Ghent and the Meuse and its collapse might compel a German retirement on a large scale.

COPENHAGEN, NOVEMBER 1.—(Associated Press Cable)—A successful revolution has taken place in Budapest and the Hungarian national council has taken over the government, according to a message sent by Count Michael Karolyi to the Berlin Tageblatt.

The message from Count Karolyi, who is head of the Hungarian Independent party, reads:

"Revolution in Budapest and national council took over government. Military and police acknowledge national council. Inhabitants rejoicing.

"KAROLYI, President National Council."

PEOPLE TO BE SPARED

LONDON, NOVEMBER 1.—(Associated Press Cable)—After the proclamation in Budapest Archduke Joseph, the representative of the Emperor, left the city, according to an exchange Telegraph dispatch from Zurich.

Emperor Charles, the dispatch adds, before leaving Vienna personally gave orders that all conflict with the population be avoided. He instructed the authorities to yield without resistance to the new power.

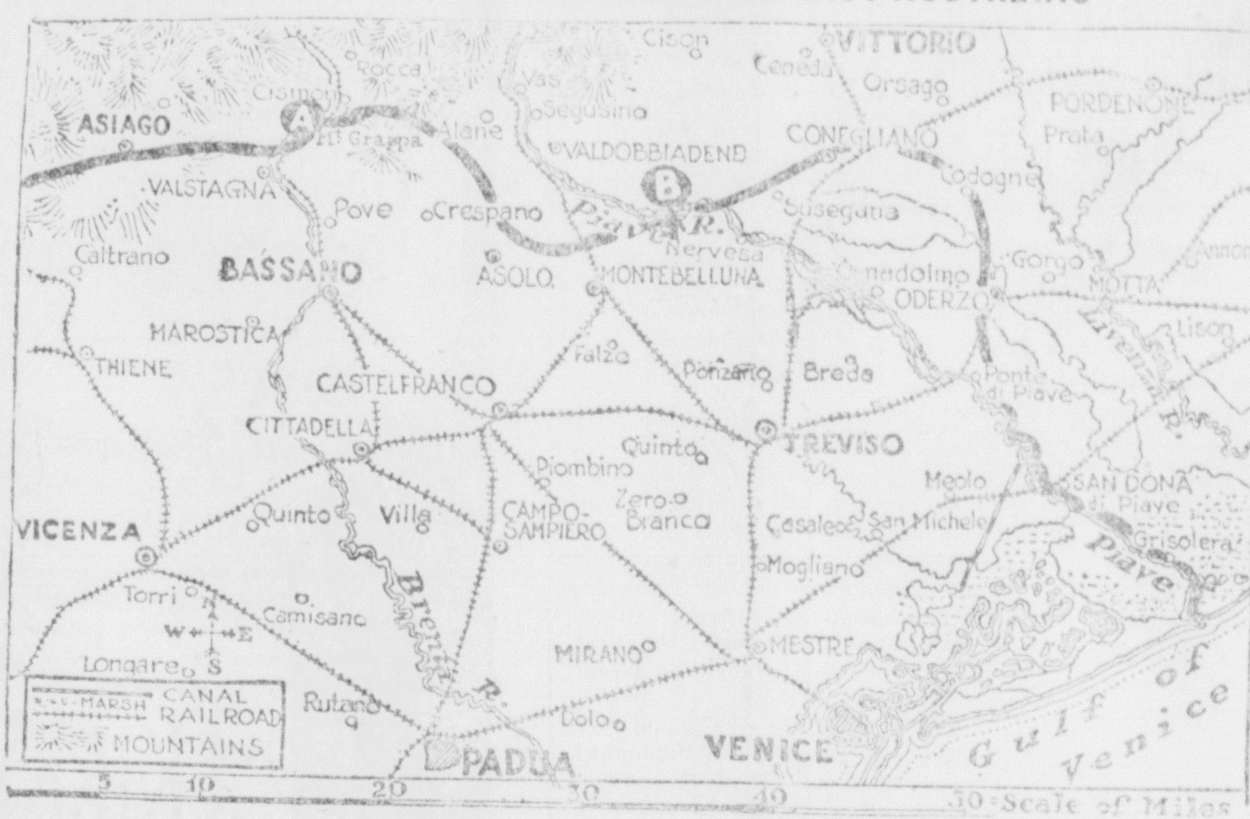

STIFF TERMS IN ARMISTICE

PARIS, NOVEMBER 1.—(Associated Press Cable)—The armistice terms to be submitted to Germany will be confined strictly to military requirements, except that it will be brought out clearly that they are conditioned generally upon President Wilson's principles with some definiteness.

WILL STAY WITH HUNS

AMSTERDAM, NOVEMBER 1.—(Associated Press Cable)—The German Austrian state council has issued a proclamation, according to a dispatch from Vienna, announcing that it has assumed the government of German Austria and that it will conclude peace in accord with the German Emperor.

WHERE ATTACK BLAZED UP AGAINST AUSTRIANS

The sudden flare of activity on the Italian front after months of almost complete quiet has attracted much attention among military officials here. The fact that nearly 50,000 prisoners were taken shows the surprised nature of the attacks and it also may indicate the waning morale in the Austrian army. In the map the letters A and B indicate the sectors of the front where the chief advance is reported.

MAY SAVE CROPS ON VENETIAN PLAIN

(By Associated Press Cable)

Paris, November 1.—The Austro-Hungarian commander on the Italian front in asking General Diaz for an immediate armistice argued that under such an arrangement that Venetia would be evacuated without damage to the cultivated areas, according to a Budapest dispatch to L'Information.

CROATIANS NOW OCCUPY FIUME

(By Associated Press Cable)

Copenhagen, November 1.—Croatians who completely occupied the naval base of Fiume on the Adriatic, have proclaimed their union with Italy, according to a dispatch from Berlin.

IMPROVEMENT IS NOW MARKED

(By Associated Press Dispatch)

Columbus, O., November 1.—Improvement in the influenza epidemic continue to be reflected in reports from local health authorities.

Sixty-one cities reported only 2,000 additional cases today with 229 deaths. The death rate will continue to run high for several days, Bauman said, although the number of new cases may almost vanish.

New Date Set.

Cleveland, O., November 1.—The national executive session of the Women's Foreign Missionary society of the Methodist Episcopal Church will be held here December 5 to 10, Mrs. W. E. McDowell of Washington, national president, announced after a conference with Cleveland representatives.

IZZET PASHA ON ARMISTICE

(By Associated Press Cable)

Amsterdam, November 1.—Izzet Pasha the Turkish Grand Vizier is quoted by the Constantinople newspaper Tasviri Eskiir when the armistice negotiations were in progress as saying:

"The conditions of the armistice will be lighter than the demands imposed on Bulgaria as no military occupation of Constantinople or Turkish territory has been demanded.

FESS COMMENTS

(By Associated Press Dispatch)

Washington, November 1.—Representative S. D. Fess of Ohio, chairman of the Republican Congressional Committee issued a statement today commenting upon the Hughes

aircraft report. He referred to profits of the Ford plant and to "the appalling waste of money as indicated in sundry instances."

FULL SURRENDER MAY HAVE OCCURRED

(Associated Press Cable)

London, November 1.—Negotiations between Italian and Austro-Hungarian military commanders for an armistice are proceeding according to advices received in London this afternoon. Fighting may have already come to an end.

WAR COUNCIL

(By Associated Press Cable)

Versailles, November 1.—Representatives of the allied nations began their deliberations at the Supreme War Council shortly after noon today.

News of Breaking Up of Enemy Nations More Momentous Than Victories of the Allied Armies.

Austrians in Wildest Rout Are Flying Before Italians on a Front of 100 Miles.

Haig Launches New Offensive Allied Armies March Rapidly Toward the Tagliamento River

(Associated Press War Editor)

The great Teutonic alliance which for four years has carried on the greatest war in history and often seemed to have almost achieved success, is crumbling to pieces.

Bulgaria and Turkey have surrendered. Austria, with anarchy throughout the kingdom, is begging for peace and Germany is anxiously awaiting the terms of the allied nations.

In fact news of the breaking up of the enemy nations on their home fronts is more momentous than even reports of tremendous events in theaters of actual battle.

ARMIES SHATTERED

Austria's armies, shattered by the blows of the Italians, British and French, are fleeing pell-mell on a front of more than 100 miles from the Brenna river east and south to the Adriatic.

Apparently the enemy has lost all power of resistance on the important sectors of the front. Countless numbers of prisoners are being taken by the allies.

NEW OFFENSIVE

Field Marshal Haig has again taken up offensive operations south of Valenciennes and reports his troops as making good progress early Friday. On the French and American sectors on the Meuse only the artillery has been active.

ALL ALLIED ARMIES

East of the Piave all the allied armies are marching rapidly toward the Tagliamento river in pursuit of the Austrians.

The Livorno river, 15 miles east of the Piave and 18 miles from the Tagliamento has been reached and crossed while south along the lowlands north of the Adriatic the Italian third army continues to move ahead.

The formidable enemy defense bastion around Monte Grappa has been broken by the allies and the Austrians are retiring hurriedly from the region between the Brenna and Piave.

Northeast of Monte Grappa the Italians moving up the Piave valley have forced their way through the Caro Gorge and are moving toward Briano further, enlarging the wedge between the Austrian armies.

ONLY ONE DEATH

(By Associated Press Dispatch)

Chillicothe, O., November 1.—One death is reported at Camp Sherman during the past 24 hours. The victim was Clarence Reick, Toledo, O.

HUN FLEET MAY COME OUT SOON

ADMIRAL BEATTY

The German high seas fleet is expected to dash out momentarily by British and American naval officers, Admiral Beatty, of the British navy, according to reports received here, has been quoted as saying that he was certain that the German fleet would come out from its refuge for battle. The German fleet, according to these reports, must come out within the next month or delay its operations until Spring. If the whole German fleet should make a dash it would mean approximately 2,000 or 3,000 ships would be engaged in the greatest sea battle of history.

FOURTH LOAN IS OVERSUBSCRIBED \$866,000,000

(By Associated Press Dispatch)

Washington, November 1.—The Fourth Liberty Loan was oversubscribed more than \$866,000,000. Final reports announced today by the treasury show subscriptions of \$8,866,416,300.

It is estimated that 21 million persons bought bonds.

All federal reserve districts oversubscribed. The Boston district reported 125 percent of its quota and stands first in the percentage column. Richmond made 123 percent and Cleveland 116 percent.

The record of Cleveland is \$600,000,000 subscriptions \$694,535,000.

VIENNA BEDLAM OF WILD RIOTS

(By Associated Press Cable)

Basil, November 1.—Vienna was quiet until 7:00 o'clock last night after which there were demonstrations in front of the ministry of war according to a Vienna Dispatch quoting the semi-official news agency which is used for making court announcements.

Today's Vienna newspapers deny that Emperor Charles has left the capital.

DUTCH SOLDIERS MUTINY

Amsterdam, November 1.—Dutch soldiers encamped at Hartskamp, near Apeldoorn, in Gelderland, have mutinied. The trouble was due to dissatisfaction over food conditions.

RIOTING IN VIENNA

Berne, November 1.—Military insurrections occurred in both Vienna and Budapest, according to the Berlin newspapers. The people and troops acclaimed a republic.

A WAR TIME NECESSITY

In order to economize our limited supply of labor and continue to furnish the highest possible quality of telephone service, consistent with war time conditions, we have found it necessary to discontinue furnishing the time of day to our patrons on and after Sunday, November 3rd, 1918.

The practice of calling subscribers at certain specified hours in the morning will also be discontinued the same date.

The above services have assumed proportions sufficiently great to endanger proper attention to requests for more necessary connections. While we desire to continue to extend to our subscribers all necessary accommodations, the prevailing shortage of labor, coupled with an increased demand for general service from industrial and commercial establishments, compels the sacrifice of certain pleasant conveniences.

It has been a pleasure to us to furnish these and other courtesies to our subscribers in times past, and we invite their hearty co-operation in the readjustments necessitated by abnormal and wholly unlooked for conditions.

DARDENELLES OPEN ALLIES MAY STRIKE BLACK SEA FLEET

(American Press)

Washington, Nov. 1.—The Turkish armistice terms were chiefly the work of the British and French. In them the United States had no part. The decision in this instance is regarded of great importance.

The whole question of the conditions upon which the war may now end is before the American and allied representatives in Paris.

The next step probably will be the decision of those representatives on armistice terms, unless before this is reached Austria follows the example of Bulgaria and Turkey and capitulates in the field before the great drive that is cutting her forces to pieces in Italy.

It may be stated that, while the armistice program which the Germans await may not differ essentially from predictions that it will include surrender of the German navy and submarines, disarmament of the German armies and occupation of German strongholds, the framing of the program has not been completed and informal announcements are premature. Exchanges between the American and allied governments, as well as discussions among the representatives in France, still are in progress.

It was intimated that the purely military phases of the problem probably had been worked out in advance by the supreme war council, but that unhurried deliberations are necessary to dispose of certain questions involved in the making of permanent peace, which must be dealt with in finally fixing terms of an armistice.

Secretary Lansing made public a note handed to Ambassador Riano of Spain, informing him that the Turkish request that he propose an armistice and peace negotiations, delivered by the ambassador Oct. 14, had been transmitted by the president to the governments at war with Turkey. Later the secretary announced that the last Austrian communication supporting a similar appeal with acceptance of the stipulation of complete independence for subject nationalities, had been forwarded to America's co-belligerents.

Announcement from London that an armistice with Turkey, which permits passage of allied warships through the Dardanelles, already is in operation, led naval officers here to believe that an allied fleet, if it has not already started, soon will pass through to the Black Sea to attack the German naval forces there. Their forces include ships of the Russian Black Sea fleet taken over by the Teutons after the collapse of the provisional government in Russia.

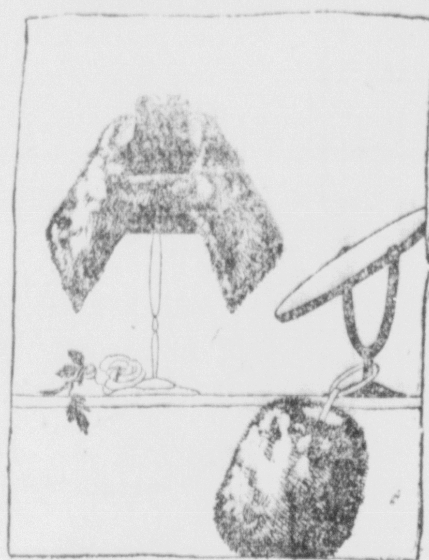

M'ADOO FAILED TO COME THROUGH

A small group of men assembled at the union station, Friday morning shortly after 8:30 to see Secretary McAdoo, U. S. Railroad Administrator, go through in a special train, but the "busiest man on earth" failed to put in an appearance, being on some other trip.

A number of prominent railroad officials were aboard the special train that was supposed to carry the railroad administrator.

HALLOWE'EN WAS MOST QUIET EVER

The most quiet Hallowe'en in the county's history has passed, and in this city there was hardly a single complaint reached the police regarding lawless acts of mischievous youths, and the number of masked figures on the streets were so few that one might say there was not the least evidence of a Hallowe'en celebration.

The ban on social gatherings also prevented the usual festivities among the young folks, and the streets of the city were almost deserted most of the evening.

Through the county the observance of the occasion was so small that no one would have known that such an event existed.

There was a noticeable scarcity of various objects out of their ordinary places.

NEW BLOOD NEEDED

After the grippe, influenza, or other serious illness, the body needs help to regain the health and strength sacrificed by the disease. The blood first of all must be purified and revitalized. For this purpose physicians know of no more efficient body builders than Iron, Nux Vomica, Gentian, Capsicum and Zinc Phosphide in some form.

In many preparations however, the Iron causes constipation, but in Chase's Blood and Nerve Tablets, which contain all of these tonics, this is overcome by the addition of Aloin.

The system, therefore gets all the benefits of the Iron and other body builders without any unpleasant after effects. Health and strength quickly return and pure, healthy blood is soon circulating through the body.

Each dose means more vim, vitality and strength. Weigh yourself before taking and watch the result.

Dr. Chase's Blood and Nerve Tablets are sold by nearly all druggists at sixty cents per box. Special strength ninety cents. Advt.

ENORMOUS SUM NETTED BIG PLANE BUILDERS

Justice Hughes' Report Made Public Last Night.

Defective Organization Is Chiefly Blamed For Falldown.

By Associated Press Dispatch.
Washington, November 1.—The mistakes, failures and delays of the airplane production under the administration of the old aircraft board before the reorganization of last May, are detailed at length in the report in the investigation conducted by Chas. E. Hughes and Attorney General

Gregory which was before the country today after having been made public at the White House.

While the report acknowledges the successes and achievement of the new administration in aircraft headed by John D. Ryan, it deals unsparingly with the shortcomings of the old organization and recommends court martial for one army officer and criminal prosecution for three others.

Blame for the failure is charged by the Hughes' report to defective organization in the army signal corps and the lack of competent direction of the work by the responsible officers of the corps.

Profits in some instances, Mr. Hughes' reports, were enormous, although Attorney General Gregory points out that 60 per cent of these profits revert to the government in the form of war taxes and expresses the belief that "no such profits were allowed as to justify a charge of bad faith."

The Dayton-Wright Corporation the report says, with a capital of \$1,000,000 and the government financing to the extent of \$1,465,000, has prospects of profits of more than \$6,000,000.

The Ford Motor Company on contracts for 5,000 Liberty Motors, the report estimates, will make a profit of more than \$5,000,000 on an investment of \$11,800,000.

The Packard Motor Co., with calculated investment of \$11,808,000 and a contract for 6,000 Liberty Motors is estimated to be able to realize a profit of \$6,450,000 on 17 months' work.

For a whole year after the country entered the war the report says the equipment of the division of the signal corps of the army was badly organized with a "host of sections and departments with ill-defined functions creating disorder and confusion rather than sustained, well directed and expert efforts."

Hundreds of flying cadets, the report says, were held at training camps during the early months of the war, without facilities for training because there was a failure in delivery of training planes.

CRUELTY CHARGE IS FILED AGAINST TWO

A charge of cruelty to animals, growing out of the merciless treatment of a horse owned by Lawrence Crone, led to the filing of an affidavit against Fred Barnes and Joe L. Caldwell, by the owner of the horse.

The charge is made in the affidavit that the two men obtained a horse from the affiant and drove it from 1:30 in the afternoon of October 27th to 10:30 at night, without food or water, and hitched the animal to a telephone pole and left it until seven o'clock the following morning.

The charge was filed in the Probate Court and the two men brought before the court Friday morning. Barnes asked for time for a trial and the case was postponed two weeks.

Caldwell entered a plea of guilty to the charge, was fined \$5 and the costs and in addition to paying the fine and costs, settled with Mr. Crone for the use of the outfit. It is understood that he places the chief blame on Barnes, and will appear as a witness against Barnes when his hearing takes place.

DRAFT BOARD IS KEPT VERY BUSY

The busiest place in the city at the present time, and in fact since before the last registration, is and has been the Local Board office, where a corps of clerks have been aiding Chairman Willis in handling the avalanche of detail work which the new draft has made necessary.

Part of the time four clerks have been working early and late in the task of looking after the innumerable details connected with the draft, and because of the expert manner in which he has handled the business, Chairman Willis has the work better in hand than nearly all surrounding county Local Boards.

KIND HEARTS GLADLY RELIEVE SUFFERING

Numerous soldiers' families in the city now recovering from illness and attendant worry are indebted to the Red Cross Home Service Department, both for the actual help given and for their bringing in outside help who would otherwise have been ignorant of the need. This department is doing splendid work in this community.

One of the kindest of the many acts for suffering humanity was that of Mr. and Mrs. John Durant in taking to their home the seven-months-old baby son of Mr. Howard Price, following the mother's death.

Not permitting any remuneration Mr. and Mrs. Durant nursed the little sick baby back to health and even offered to give the boy a permanent home. The father and the grandparents were not willing to give up the little one now that the family is restored to health. Mr. Price and his parents taking the baby with them, moved to Dayton Friday.

A number of soldiers' families, especially hard hit by the "flu" are very grateful to Mr. Mark DeWitt for liberal donations of potatoes.

Send yours not later than Saturday afternoon to the Y. M. C. A., or they may be left between 2 and 5 o'clock at Surgical Dressings room or Red Cross work shop. Don't forget that needles are very acceptable, too.

POPULAR SALESMAN DIES IN DETROIT

Shocking the New Holland community and bringing grief to his family and many friends of his home town, came the sad word that Carl Asher had succumbed to the pneumonia, in Detroit, Mich., his death occurring Thursday evening.

Mr. Asher was born and raised in New Holland and developed exceptional ability as a salesman. He ranked as the best city salesman that the Ritter Lumber Co. ever had. He was a popular fellow both socially and fraternally, belonging to the Masonic Order, the Blue Lodge and the Royal Arch.

A wife and two children survive and to them go out the sympathy of the community.

The body will arrive here on the 6 o'clock train Saturday and will be taken over to New Holland. Funeral services will be held Sunday afternoon at the New Holland cemetery.

A Matter of Regret

It is to be regretted that the political campaign, now drawing to a close, has assumed such a violently bitter form.

While we are receiving so much glorious news from across the seas, while the cables under the ocean and the sound waves are burdened with messages detailing victories of the allied armies on the fields of battle, while the armies of autocracy and hate are lowering their standards before the advancing hosts of freedom and civilization it is deplorable that America should be, in these closing hours of the political campaign, which should be concluded on the same high plane that obtained during the earlier days, in the throes of a struggle for office.

But that's America, and we know, all of us here in America, that opposing politicians do not believe the mean things they say about each other.

While that may be some consolation, yet it detracts from the sacred happiness and the joy of this time preceding the coming of peace, this time when all the world should be aflame with joy over the victory which grows greater hourly, to have candidates deluging the voters with printed matter filled with wild charges.

It is a time for the voters to remain calm and refuse to be drawn to the lower level of the political scramble, keep their minds on the high ideals which have led them to victory in the greatest war of all time, enjoy to the full extent the big blessings which have come to us and refuse to be turned aside by angry and passionate appeals for votes.

A United Support Needed

That the position of isolation and consequent security enjoyed by the United States under the principles of the Monroe doctrine is no longer possible, in this day, when distance and time have been eliminated, when the nations of Europe are nearer neighbors now than the states of the Union were to each other a quarter of a century ago, was definitely settled when this nation entered the world war and became militantly arrayed against the menace of autocracy on the continent of Europe.

Notwithstanding the fact that we have gone out into the great family of nations to take part, henceforth, in the politics of the world, there is, considering the vast and fundamental differences existing between this nation and its allies, in ambitions and purposes, and in essential needs a very serious question as to whether, once the terms of an armistice which make a renewal of hostilities by Germany impossible, the United States should not withdraw from the final negotiations among European nations, except only as those negotiations may effect vitally our own affairs.

The time now near at hand is one when the nation will not only require the services of its brainiest and most patriotic men, but a time when all citizens should stop their abuse of public servants and stand firmly behind them in their endeavors.

If the national officials needed the united support of the people in time of war the need is greater now as the vital problems of world peace and the new brotherhood of nations, are pressing forward for solution.

The Trying Times

The allied nations have passed safely and victoriously through the trying times of the world war. There has been no hint of discord or dissent. Under the strain of adversity and the stern necessity of the time, the allied nations have met individually and collectively every demand made upon them.

There is nothing yet in the way of preliminary discussions to warrant the fear that the same high ideals and the same unselfish purposes will fail to hold the allies together in harmony of thought and impulse through the trying ordeals to come in the preparation of the peace pact and the establishment of the new order of things among the nations.

Sometimes the strain of adversity compels us to forget the smaller things about which men and nations may bicker and argue when flushed with victory and unconfronted by possible disaster.

It is a time for the nations of the world and the peoples of the several nations to "sit tight" now that peace is in sight.

We must be firm and constant in the ideals that have sustained us through the trying times now behind us, be mindful of the big wholesome principles of individual life and national existence.

In that respect the people of this nation must maintain their calm, hold fast to the great purpose and refuse to be drawn into discussions and disagreements emanating from selfish motives and ambitions.

POEM FOR TODAY

THE FROST SPIRIT.

He comes, he comes, the Frost Spirit comes! You may trace his foot-steps now
On the naked woods and the blasted fields and the brown hill's withered brow.
He has smitten the leaves of the old gray trees where their pleasant green came forth.
And the winds, which follow wherever he goes, have shaken them down to earth.

He comes, he comes, the Frost Spirit comes!—from the frozen Labrador—
From the icy bridge of the northern seas, which the white bear wanders o'er—
Where the fisherman's sail lies stiff with ice, and the luckless forms below
In the sunless cold of the lingering night into marble statues grow.

He comes, he comes, the Frost Spirit comes—on the rushing northern blast,
And the dark Norwegian pines have bowed as his fearful breath went past
With an unscorched wing he has hurried on, where the fires of Hecla glow
On the darkly beautiful sky above and the ancient ice below.

He comes, he comes, the Frost Spirit comes!—and the quiet lake shall feel
The torpid touch of his glazing breath and ring to the skater's heel;
And the streams which danced on the broken rocks, or sank to the leaping grass,
Shall bow again to their winter chain and in mournful silence pass.

He comes, he comes, the Frost Spirit comes!—let us meet him as we may,
And turn with the light of the parlor fire his evil power away;
And gather closer the circle round, when the firelight dances high,
And laugh at the shriek of the baffled fiend as his sounding wing goes by!

—John Greenleaf Whittier.

Veteran A. Lynn Volunteers a Wonderful Nerv-Worth Story.

Mr. A. Lynn, widely known Columbus man, who for 17 years has represented the Adams Bag Co., of Cleveland, on the road, is one of those thankful Nerv-Worth users who go out of their way to tell others their good Nerv-Worth news. For this purpose, while in Zanesville, Mr. Lynn made a special call at the Nerv-Worth office and gave the following statement signing his name thereto:

Nerv-Worth Co.: At my home in Columbus I had doctored for some time for indigestion, weakness, etc., without getting relief. While in Cambridge, Ohio, I bought a bottle of Nerv-Worth and put it to the test. Soon found it was helping me. Found decided relief after taking the first bottle. Two weeks later at Clarksburg, W. Va., I bought another bottle of Nerv-Worth. After taking that I felt still better—stomach much improved. More strength, vim and vigor. I used four bottles of Nerv-Worth and AM ENTIRELY WELL. Can eat anything I want without distress.

News of Interest to Women

The contrast between the action of German Red Cross women workers and those of the allied nations, who have been giving freely their skill and kindness to wounded enemy prisoners is clearly shown in a letter written by Sergt. Maj. Robert Gent, of the British army, for three years a prisoner of war and knowing first hand of the conditions of German prison life. He recently escaped into Holland.

Sergt. Gent, writing from the Hague, says he has herded with dying and starving Russians in two camps, served with rotten and repulsive food, subjected to many kinds of brutal "straffing" when he would not work in a munition factory, and otherwise mistreated. His life was spared by the fact that he was eventually assigned to special service and allowed better fare.

Sergt. Gent says that going into Germany he was herded with many others so closely in a cattle car they were unable to sit down and that German Red Cross women workers on station platforms displayed buckets of water but would give them none. They had neither food nor drink for more than two days, he says.

An international Christmas celebration has been arranged by Marshal Joffre, president of the fatherless children of France, to be held at the Sorbonne in Paris Christmas eve. There will be gathered little ones who have lost their fathers in the war to join in an interchange of tribute between France and America. Every city in America is doing something for this Christmas movement to raise funds with which to support the French war orphans for the coming year. Marshal Joffre will read a cablegram from each city announcing how many Christmas children each city will take care of.

A number of French orphans have been adopted by organizations and kind hearted people in this vicinity and the movement stirs up added interest.

The ban put upon Hallowe'en parties caused keen regret among the children and young people who had been looking forward to the fun of witch's night. Quite a few Hallowe'en frolics which had been planned even to the inviting of guests were cancelled. But, withal the disappointment to the younger folk, there was no inclination to break over and the general sentiment was in favor of doing whatever authorities thought best for the public good.

If the children were disappointed the older folks found it the most peaceful Hallowe'en on record.

The only affairs that went off were little ones confined to the home.

Mr. and Mrs. Tom Evans Murray invited two of the playmates of their young son, Tom Gardner Murray, Billie Brown and Russell Brown, to surprise him for a Hallowe'en supper, at which there was a yellow witch, pumpkins and the "cats" the boys best like.

Mr. and Mrs. Vere Foster, Misses Burton and Katharine Gossard entertained with an elegant six o'clock dinner Thursday night at the Gossard homestead on the prairie pike.

An immense bowl of pink and white cosmos formed the center piece.

The guests were Mr. and Mrs. L. D. Exline, Mrs. Lucile Allemang, Misses Verne Elliott, Ureel Stitt and Ollie Swope.

Certain important business of the Ohio Federation of Women's Clubs must now be transacted at a Council meeting which will be called by the President, Mrs. Prentice E. Rood, as soon as it is safe to do so.

It is of course quite impossible to expect our hostesses of Coshocton to prepare for a postponed convention. It would be equally difficult to bring together a program which took weeks of continuous work to arrange.

This Council meeting should be attended by the president of every federated club, since the business to be transacted is of vital interest to members of the state organization.

Due notice of time and place will be sent to the clubs.

Mr. and Mrs. Henry Hall have re-

turned to their home in New Castle, Indiana, after a visit with their son, Mr. Chester A. Hall, and Mrs. Hall.

Sergt. Emmitt Passmore, of the Quarter Master's Department, Camp Sherman, is spending a few days' furlough with his mother, Mrs. Charles Passmore. He returns Sunday evening.

Mr. P. O. Daughters was able to leave the Cherry Hill Hospital Thursday evening and go to his home on Paint street.

Mrs. Frank L. Stutson, Mrs. Daniel H. VanWinkle, Mrs. Bertha S. Miller and Mrs. James Ford made a motoring trip to Columbus Friday.

Mr. Wert Shoop returned Thursday evening from a trip through the west in the interest of the P. Hagerty Shoe Company.

Mr. and Mrs. Earl Barnett, Mrs. J. Earl McLean and Miss Myrtle McCoy motored to Columbus Friday.

Mrs. H. C. Anthony left Wednesday for Toledo to visit her mother and other relatives.

Mr. and Mrs. Frank S. Jackson, daughters Helen Louise and Judith Ann and Mrs. V. P. Smith motored to Springfield Thursday to be the guests of Mr. and Mrs. William Morgan for the day. Mrs. Smith stayed over for a week's visit with her daughter.

Mrs. M. G. Townsend and Mrs. Dave Sutherland spent Thursday in Sabina with Mrs. Townsend's parents.

Mrs. Hobert McGinnis left Friday for Springfield and from there on to Chicago to be the guest of a cousin while her husband is in the Great Lakes Training Camp.

Mrs. Ed Scoggins will be the week end guest of her sister, Mrs. Swope in Springfield.

Mr. Roy Heglar visited his daughter, Miss Mary at the Columbus School for Girls Friday.

Misses Bernice Ford, Chloe Boncutter and Isadore Evans attended the Red Cross Community dance at Camp Sherman Thursday night.

Mrs. Wesley Rowe arrived from New York to join her husband at the home of Mr. Harry Rowe.

Mr. Walter Robinson of Columbus is spending the week end with his sister, Miss Mary, and brother Mr. George Robinson and family.

Howard Hopkins, son of Mr. and Mrs. J. W. Hopkins of Madison Mills is seriously ill with pneumonia, his condition arousing much anxiety on the part of his relatives and friends.

Miss Hattie Gregg of Storms Station is spending a few days the guest of Miss Marie Melvin, while shopping here.

Mrs. George Pettit has returned from spending a few days in Springfield.

Mrs. A. L. Teeters and daughter, Miss Marguerite, of Bowersville are spending the day with Mrs. Teeters' mother, Mrs. Frank Flee.

Mrs. Henry Mark, daughters, Miss Ruth, and Mrs. Eliza Waddell have moved from the Mark road into the Barchet property which they recently purchased, on Court street.

Miss Dorothy Fullerton is spending a couple of days in Columbus.

Helen McCune is visiting her cousin Mildred Mohler in New Holland.

Mrs. E. O. Barr, who is teaching at Yellow Springs, is spending a few days with her parents here.

Mr. Joe Bailey of East Paint St. was taken to Columbus Wednesday and entered Grant Hospital for an operation in a serious case of appendicitis. Drs. Drury and Roy E. Brown were the surgeons. Mrs. Bailey is, with her husband.

Mrs. Etta Terwilliger of Leesburg who has been suffering for several years from a broken hip, and subsequent paralysis, has made such improvement under osteopathic treatment at the Cherry Hospital, that she is now able to walk. She returned to her home this week.

Mr. Harry Nolan spent Thursday in Columbus.

Misses Anna and Mary Shouvin came over from Springfield Thursday evening to attend the funeral of Mrs. Francis Focke, Friday.

Mr. and Mrs. Forest Field of Jamestown were guests of Mr. and Mrs. J. H. Chapman Friday.

Mrs. G. W. Collins left on Friday for Pittsburgh, Pa., to join her daughter, Miss Mary Jane Collins, who is engaged in government work at the

U. S. Ordnance Co. They will take a furnished apartment for the winter.

Miss Jean Fitzgerald came down from Columbus Thursday evening to spend a few days with Miss Carrie Willis.

Mrs. J. M. Baker is spending the day in Xenia with her sister, Mrs. Clarence Frazer.

UNCLE SAMUEL'S MARVELOUS WORK IN THE WAR ZONE

American Regulating Base, Advance Zone, France, (By Mail)—Warehouses stretching over several square miles baled hay by the acre piled thirty feet in height and other vast quantities of supplies needed to maintain the American army mark the distributing center as one of the points where one obtains an adequate idea of the tremendous push America is putting into the war.

This vast accumulation of supplies is necessary to keep trainloads of food, clothing, ammunition trucks, wagons, wheelbarrows, medical stores and the whole range of the army wants, moving forward in a huge daily traffic with unvarying precision so that no division, no matter what its losses in material need suffer.

Each warehouse is a hive of industry, with the supplies moving out of one side to the front, and moving in from the other side as the steady streams of supplies move in from the American base ports so that the full quota always be maintained here.

At one point machine guns were being tested before going forward to the front. This was in machine-gun section of ordnance park, with a vast array of these deadly mechanical devices. Squads of soldiers were making the final tests, and the rattle of guns sounded like the early morning skirmish on the firing line.

Almost as noisy as the machine guns, were the machines for baling hay which stretched in long batteries like threshing machines, devouring the loose hay and turning it out in compact bundles for the artillery and cavalry horses.

Farther on the balloon sheds were turning out the big gas bags for use on observation along the front. These are assembled and packed, and some of the parts are made here, depending on the amount lost or destroyed along the front, and the varying activities of the different sectors.

Near by 1800 German prisoners were at work piling fuel wood. It was a hot autumn day and the air was heavy and gray with the dust of the immense traffic going on. But the prisoners did not seem to mind the creature discomforts, but bent to their work with a will, while American guards with rifles ready stood at the summit of the huge piles of wood to see that there was no slacking.

Another 700 German prisoners had arrived the night before so soon there will be 2500 of these workers handling picks and shovels instead of rifles.

DEVELOPMENT IN SOUTH AMERICA

(American Press)

Buenos Aires, November 1.—(By Mail) — Restrictions of exports as a result of the war has caused Argentina to seek the development of its own natural resources. A proposal now receiving a great amount of publicity and general approval in the newspapers is the suggestion made by the Minister of Agriculture, Dr. Pueyrredon, to President Irigoyen that the government build an electric power plant at the Igazu Falls which, the minister says, would solve the fuel problem, open up vast regions of rich resources which are now dormant for lack of transportation facilities and bring Argentina and Brazil closer together commercially by means of an electric railroad.

One of the principal arguments of the minister's friends is that the proposed power plant would do more than any other one thing toward developing shipbuilding in Argentina as it would open up rich pine forests of Misiones, and provide smelters for reducing the limonite which is found in large quantities in this region and said to contain as high as 50 per cent of iron. The working of the forests would also permit the manufacture of print paper, which has been so scarce here.

The Igazu Falls are among the largest in the world, being nearly fifty feet higher than Niagara Falls and three

times as wide. They are in the Igazu River in the Argentine territory of Misiones on the Brazilian frontier. One section, known as the Devil's Throat, is reputed to carry as much water as the Niagara River.

Dr. Pueyrredon conferred with the Brazilian minister here on the question of the two governments co-operating on the proposition.

Electrical engineers say that one of the smallest falls in the Igazu group could produce a million horsepower without detracting any from the beauty of the falls.

Capitalists have on several occasions asked the Argentine Government for concessions to operate a power plant at the Igazu Falls but their petitions never were acted upon.

DEATH SUMMONS WELL KNOWN MAN

Mr. John E. Hartman received word Friday afternoon of the death of his son-in-law, Samuel Sulzbarger, which occurred about the noon hour Friday at the home in Lancaster.

Mr. Sulzbarger was formerly engaged in business in Greenfield and both there and in this city, where he frequently visited, was held in high regard.

His death will be learned with great regret by friends here in both places and in his present home, Lancaster.

Mrs. Sulzbarger was before married Miss Mary Hartman. She has the deep sympathy of relatives and friends in this city, her home town.

The body will be brought here from Lancaster, arriving on the 9:55 train Monday and will be taken on to Greenfield for burial.

THINK CHAS. B. WYNN WAS MURDERED

The body of Charles Bliss Wynn 45, of Piketon, was found in the Ohio River at Cincinnati Thursday and foul play is suspected.

The deceased was the editor of the Piketon Republican and former Mayor of Piketon. He was a cousin of Mrs. Valentine Hoppes, this city, and uncle of Mrs. Mazie Price.

WILL ANNOUNCE ACTION SATURDAY

Health Officer Byron will announce definite Saturday what action is to be taken in regard to the influenza restriction in this city—whether the ban will be lifted in whole or in part, the first of the week or later.

PREVENTIVE FOR THE INFLUENZA

(Anderson, Ind., Bulletin).

Orlando B. Beck, who is at Camp Grant, Rockford, Ill., having heard that Spanish influenza is rampant in Anderson is naturally interested in the welfare of his home town. He has written Dr. Long, city health officer to tell of a preventative for it that is being tried out at the army camp. Simply put a small amount of sulphur in each shoe every morning and goodbye influenza. This is the remedy offered by a doctor who went through the yellow fever epidemic in New Orleans in 1879 unscathed. The doctor says:

"In the early eighties I moved to Louisiana to practice medicine, and remained in the town where I first located for nearly twenty years. The town in which I located was in the southwestern portion of the state and had large sugar and lumber industries, therefore I met many traveling men, and one in particular I remember from Memphis, Tenn., who told me one evening that he had nursed yellow fever and cholera in all its stages, and assisted in burying the dead, and that the only precaution he ever took was to sprinkle sulphur in his shoes every morning during the epidemic and that he had never contracted the disease; furthermore every one he told about it and who had tried it, not a single one had had the disease.

"In 1897 we had an epidemic of yellow fever, and remembering what this gentleman told me, I tried it, notwithstanding I had very little confidence in it. I shall never regret having tried it for I escaped the fever, although I nursed it in all its stages during the entire epidemic. Now what has this to do with influenza? It has the same to do with it that it had to do with yellow fever and cholera—kill the germ. I believe when the system is thoroughly saturated with the sulphur, as suggested, it will prevent the germs of any disease from attacking the system. There is no doubt that sulphur will penetrate the system readily, for when one takes sulphur in the system and has a silver dollar in his pocket it will be turned black, caused by the sulphuretted hydrogen. Try it and see."

VOICE DIAGNOSIS IS VERY LATEST

By Associated Press Dispatch.

Los Angeles, Nov. 1.—A method of testing the ability of any person to sing, without seeing him or even hearing him, has been devised by Theophilus Fitz of this city, recently director of music in the State Teachers' College of Colorado.

This method, which Professor Fitz says is his "contribution to science," is based upon a series of measurements of the head cavities that he declares he has worked down to exact mathematics. He does not find it necessary to see, touch or hear the subject, as his work, which he terms "voice diagnosis," has become as definite to him as mathematics. All he asks is that certain measurements of the head be taken correctly.

After learning these measurements and the sex of the subject, he makes his own calculation as to the size and shape of the head cavities and announces whether the subject, if a girl, is a soprano or contralto, and if a youth, whether he should sing the role of a basso or of a tenor robusto.

"Mamie often sings soprano just because Susie does, although she ought to be singing contralto," says Professor Fitz. "And Bill insists upon singing basso, because he thinks it is manly, when he really ought to be a tenor."

Persons with round heads make the best singers, he says, because their head cavities are the most symmetrical; those with long heads come next and those with oval cranium rank last.

"It's nonsense," he says, "for people to pass four or five years studying music, to ascertain whether they can sing and if so, what part, when by this method, they can obtain such a decision immediately."

PIMPPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

PROFESSIONAL NURSE

Tells What to Do to Regain Strength After Sickness.

New York City.—"I am a professional nurse,—the grippe and bronchial pneumonia left me with a cough and in a depleted, anaemic condition and no appetite. I cannot take cod liver oil in any other form than in Vinol and in a short time after taking it my appetite improved, my cough left me, I gained strength and weight. That is why I recommend Vinol to others."—Miss E. M. Walker, R. N. 35 W. 38th St.

HITS GRAVEL AND AUTO TURNS OVER

E. C. Branks, colored, Washington C. H., a cook employed at the Palace restaurant, enroute here from Columbus, encountered fresh gravel on the pike this side of south Bloomfield, the machine skidded and smashed into a telephone pole, turning turtle with the driver pinned underneath. Branks was badly bruised. The machine was brought here for repairs on body and front wheels.

Later in the day the Bremer force assisted to remove the Cunningham truck enroute to Chillicothe from the ditch near the residence of Mr. J. S. Smith, "Sunny-side," —Circleville Herald.

RECORDS BROKEN BY THESE WORKERS

(American Press)
London, October 21. Records in "finishing" standards ships have been broken by men in a Belfast yard, which completed a standard vessel of 8000 tons in three and three quarter days. The vessel left the stocks Thursday afternoon and finished her trials on Sunday.

Work in the majority of yards has recently been speeded up and during August, several of the "B" type of steamers were completed. These are 5,100 tons gross or 8,000 deadweight. The time taken by different ship yards in the construction of these vessels, varies from twenty-three weeks at Belfast to forty-five weeks at Glasgow.

SOLDIERS' LETTERS

Some extracts of a letter written by Corporal James E. Inlon, A. M. 166 U. S. Inf., to his sister, Mrs. Mae Secrets.

Somewhere in France, September 30, 1918.

Dear Sister:—
Just a line to let you know that I am one among the living. How is everyone? I am in the hospital for the second time, in France. Had the mumps the first time, but have the lappipe now. Feel better this morning than I have been feeling. Wish

this war was over so that I could get back to dear old Ohio, once more. For there is no place so dear to me as the dear old U. S. A.

I got eighteen letters from my wife yesterday. Have been up at the front for some time, and one mail was left back of the lines. Am at the present a good ways back of the lines. We have been up at the front about seven times now, and have had some hard battles. We captured 13,300 prisoners in this last drive. The forty-second has some name. Think the 42nd will be home for winter.

With all good wishes I will bring this to a close.

Your brother,
Corporal James E. Inlon.

STRAWBERRIES ON LAST DAY OF OCT.

Mr. H. C. Fortier, well known piano tuner of this city, Thursday afternoon brought to The Herald office a quart of choice strawberries which he had picked from his patch a short time before.

The berries were as large as hickorynuts and apparently just as toothsome as the first berries on the vines last spring.

The phenomenon of strawberries on the last day of October—and in such quantity, is believed to surpass any previous late strawberries in this part of the country.

ELECTRIC UNITS USED BY HUNS

(American Press)
With the American Forces in France, October 21.—Several complete portable electric lights plants were captured from the Germans in the drive, which wiped out the St. Mihiel salient, some of which were used by the Americans in equipping the headquarters of different units.

Within two days after the Americans entered Thiaucourt, the German motor was turning out electricity for the Americans.

The equipment included wires, incandescent lights, lamps shades of metal, tacks and all appliances used by electricians, there being enough material to "wire" several villages.

ASKS DIVORCE

Florence Self in Probate Court has filed action for divorce from Herman Self, charging defendant with gross neglect of duty and extreme cruelty, alleging that defendant struck her with his fist.

They were married in this city April 24, 1916. Divorce and alimony are asked by plaintiff. J. T. Oatneal represents plaintiff.

To Meet With Mott.

Columbus, O., November 1. — Representatives of every war chest in Ohio will meet in Columbus next Monday with Dr. John R. Mott, director general of the united war work campaign, and George W. Perkins, chairman of the campaign's finance committee, to discuss a uniform method by which the Ohio war chests will make donations to the huge campaign fund to be collected the week of November 11 to 18.
